The Highland Pony Society

APPLICATION FOR REGISTRATION AND PASSPORT

Please enter names and numbers carefully and neatly in BLOCK CAPITALS and complete the outline diagram and narrative describing the whorls on the reverse, which will be scanned and included in the passport. Animals must be microchipped and the bar code label affixed on the reverse side.

Only the registered keeper of the dam at the time of foaling may register a foal. Names of pure-bred ponies must include the registered prefix/suffix of the keeper. A stallion service certificate must accompany the form unless the stallion is owned by the breeder. Registrations must be received by **30th November** to guarantee entry in that year's Stud Book
(Legislation requires that foals must be registered in the year of their birth or within six months of their foaling date.)

Name of Pony:

Signature and stamp of the veterinarian or qualified person or competent authority verifying the identification of this animal (name in capital letters)/ *Signature et cachet du vétérinaire ou de la personne qualifiée ou de l'autorité compétence (nom en lettres capitales)*

Breeder's Signature

Microchip Number:

Please affix barcode sticker here

Pursuant to UK legislation, I confirm that I read the microchip for the animal identified on this application and it was:

Previously implanted (tick one box) ☐ Implanted today ☐

Breeders may complete whorls and descriptions. However, it is a UK government requirement that a qualified veterinary surgeon and member of the Royal College of Veterinary Surgeons (RCVS) verifies the identification section above. ***(revised 2026)***
